* In July, JV2 appropriates money out of the control 3 closing center into control 5 centers. These appropriations are for the whole year. They caused an additional deficit in the surplus of \$539,375,791. On the average 7/12 of this, or \$314,635,878, is for future periods.

** The deficit surplus balance is partially caused by expenditure transfers of amounts in excess of five month's disbursements and by appropriation/allotment transfers that have not yet been made. These deficits should be covered by future revenue collections and appropriation/allotment transfers from control 5 centers.

This money is due to be repaid, either from the general fund prior to January 1, 2013, or by a budget request submitted to the 2013 session of the general assembly.
